

## 2025 LEGISLATIVE COUNCIL GENERAL ELECTION

### GUIDE ON COMPLETION OF INPUT FORM FOR INTRODUCTION TO CANDIDATES

The Registration and Electoral Office (REO) will prepare a full colour **Introduction to Candidates** leaflet/booklet (“the Introduction to Candidates”) for each Geographical Constituency, Functional Constituency and Election Committee Constituency in the 2025 Legislative Council General Election. The Introduction to Candidates will contain the candidate’s name and candidate number on the ballot paper, the candidate’s personal colour photograph, age, occupation, political affiliation, email address/website, together with the electoral message prepared and provided by the candidate. The Introduction to Candidates will be sent to each elector and authorized representative of the relevant constituency (collectively known as “electors”) for reference and uploaded to the dedicated website of the election (<https://www.elections.gov.hk>)<sup>1</sup>. The printed poster version of the Introduction to Candidates will be posted up at the polling stations on the polling day for easy reference of electors. In addition, the REO will produce a text version of the Introduction to Candidates so that electors with visual impairment can listen to the contents of the Introduction to Candidates using assistive software in their computers or smartphones. Candidates should understand the different needs of electors with visual impairment and ensure that electors (including those with visual impairment) have reasonable access to electoral messages during election campaigns. The REO strongly encourages candidates to utilize the text version of the Introduction to Candidates to convey their electoral messages to electors with visual impairment.

2. If a candidate chooses to use the Introduction to Candidates for electioneering publicity for the 2025 Legislative Council General Election, he/she must complete the Input Form for Introduction to Candidates (“Input Form”). The Input Form is available in electronic version (“e-Input Form”) and printed version (“the paper Input Form”). To simplify the procedures of data input, candidates are advised to complete the e-Input Form if situation permits.

	Please visit <a href="https://www.reo-form.gov.hk">https://www.reo-form.gov.hk</a> on computers or scan the QR code on the left to download the e-Input Form. The paper Input Form can be obtained from the District Offices, Returning Officers’ Offices, or REO’s offices on 8/F, Treasury Building, 3 Tonkin Street West, Cheung Sha Wan, Kowloon or Units 2301-03, 23/F, Millennium City 6, 392 Kwun Tong Road, Kwun Tong, Kowloon.
---	---

If a candidate chooses to complete the e-Input Form, the relevant information can be used for production of both printed and text versions of the Introduction to Candidates. If a candidate chooses to complete the paper Input Form, the relevant information relating to electoral message can only be used for production of the printed version of the Introduction to Candidates. Therefore, if a candidate needs to produce electoral message of the text version of the Introduction to Candidates, please complete the e-Input Form separately.

3. The candidate’s personal photograph, his/her personal particulars (including name, age, occupation, political affiliation, email address/website) as well as the electoral message contained in Part I of the e-Input Form will be used for production of the printed version of the Introduction to Candidates. The personal particulars and the plain text message inputted under the box of “Electoral Message” (if applicable) in Part I of the e-Input Form will also be used for production of the text version of the Introduction to Candidates. If graphics are inputted under the box of “Electoral Message” in Part I, the candidate has to input plain text message of his/her electoral message in Part II for production of the text version of the Introduction to Candidates.

4. If a candidate does not submit the electronic or printed version of Input Form, the printed version of the Introduction to Candidates will only show the candidate’s name and candidate number, and the words “Relevant information has not been provided by the candidate” will be printed in other designated parts. When electors with visual impairment listen to the text version of the Introduction to Candidates, they will only hear the candidate’s name and his/her candidate number, as well as “Relevant information has not been provided by the candidate” in the parts of candidate’s personal particulars and electoral message. If the candidate only submits the paper Input Form, or submits the e-Input Form but without inputting any text messages into Part I and Part II, electors with visual impairment, when listening to the text version of the Introduction to Candidates, will only hear the candidate’s name, his/her candidate number, personal particulars provided by the candidate and “Information of electoral message in text has not been provided by the candidate”.

<sup>1</sup> The contents of the Introduction to Candidates will be removed from the dedicated website upon the completion of relevant follow-up work after the conclusion of the election.

## **How to Complete the Input Form**

- (a) A candidate must fill in his/her name in Chinese and English (unless not applicable). A candidate may opt to provide other personal particulars (such as photograph, age<sup>2</sup>, occupation, political affiliation, email address/website and electoral message). If a candidate mentions the name of any organization when stating his/her political affiliation, the candidate should obtain prior written consent of the organization concerned. To avoid confusion, information provided by the candidate (such as occupation and political affiliation) might not be included in the Introduction to Candidates if it is inconsistent with the information stated in the nomination form.
  - (b) Contents inside the blue-lined area of the Input Form below the caption “Electoral Message” may include information relating to the electoral message or candidature of the candidate and emblem and particulars of the supporting political party or organization. If the emblem or particulars of the supporting political party or organization is/are included, the candidate should obtain written consent of that political party or organization before submitting the Input Form. There is no restriction on the language, number of words, illustration and colour to be used. Any logo or illustration to be included in the “Electoral Message” should preferably be in line work or simple presentation for better printing effect.
  - (c) The colour photograph of a candidate must show the full face of the candidate and not be larger than 40mm x 50mm (1 5/8 x 2 inches) in size. The background of the photograph must be plain, in colour of white, light blue or light pink. Fluorescent or gradient colours should not be used for background. The REO reserves the right to adjust the image on the photograph. The photograph should be taken within the last 6 months. For better printing effect, candidates are recommended to use photofinishing paper and to avoid printing the photograph by inkjet or laser printer if they submit photographs in paper form. In addition to affixing the photograph to the specified position on the Input Form, a candidate who submits paper Input Form must submit 2 more identical copies of the colour photograph and the back of each of the copies should be affixed with the enclosed label with the name of the candidate in Chinese and English (unless not applicable) and the name of the constituency in which the candidate contests. If a candidate chooses to submit e-Input Form, it is not necessary for him/her to submit additional colour photographs in paper form.
  - (d) The paper Input Form will be directly reproduced for printing. If a candidate chooses to submit paper Input Form, he/she must fill in the particulars using the Input Form provided by the REO. **Any photocopied/modified Input Form, and any graphics and text beyond the blue-lined area of the Input Form, will NOT be accepted.**
  - (e) The text of personal particulars of a candidate on the paper Input Form **MUST** be in **black**, and typed by typewriter, printed by computer or hand-written in clear font with a **FINE** ball pen. If the personal particulars are filled in with a colour other than black, the colour of the relevant text will be converted to black with poorer printing effect. In addition, candidates may use the cut-and-paste method to paste the content within the designated area. Please note that the cut and pasted part cannot exceed the designated area, and the personal particulars cannot be covered entirely by the cut-and-paste method. Information must be pasted item by item and the original blue bottom line cannot be covered.
  - (f) In the “Electoral Message” under Part I of the e-Input Form, candidates must first choose one of the input modes, either Text Input or Image Upload. If a candidate needs to fill in the “Electoral Message” under Part II of the e-Input Form, please type the text message with the use of computer. **Handwritten text and graphics will not be accepted.** Please note that the content of the text version under Part II should be similar to that of the illustration of the electoral message in Part I. Please download the relevant e-form, save it to your computer or mobile device, and then open the saved form by using Adobe Acrobat Reader before you start to fill it out.
  - (g) Please note that, for the purpose of editing and due to the limited size of the “Personal Particulars” and “Electoral Message” text boxes, the font type and font size of words inputted into relevant text boxes have been preset as Times New Roman and 10 respectively. There are also limits on the number of words which can be inputted into the text boxes of the “Personal Particulars” and “Electoral Message” (Please refer to the relevant text boxes in the e-Input Form).

---

<sup>2</sup> The age should be completed in Arabic numerals.

- (h) If the Input Form contains any content in a language other than Chinese and English, the candidate must enclose the translation of such content in Chinese or English and ensure that it contains information relating only to the candidature of the candidate at this election. However, the relevant translation will not be included in the Introduction to Candidates.
